

OUR FAMILIES AND OUR FREEDOMS

UNDER ATTACK

Ask Senator Avard to protect New Hampshire

A \$10,000 pay cut?
Ask Senator Avard to vote
no on "RTW" schemes
that pick our pockets.

In New Hampshire, we value our freedom and our families. We work hard and together have built solid, steady jobs that mean we can earn a living with our dedication and our skill.

In states where "RTW" is the law, **ALL** working people make far less - in fact, about \$10,000 less - every year. That's because "Right To Work" actually means working for less.

Corporate "Right To Work" groups have already begun to contact New Hampshire families with their falsehoods and deception. A political organization funded by out-of-state donors has started attacking our families and freedom to control our own employment. Legislators who do not stand with working people have filed a so-called "Right to Work" (RTW) bill. We don't need state government interfering in how pay and benefits are negotiated.

"RTW" means:

-  Less pay
-  Less job security
-  Worse health insurance
-  Weaker economy

As New Hampshire's hard-working families, we can send a message to **Senator Kevin Avard** that we REJECT this scam, and we are asking him to stand up for New Hampshire families by voting against this scheme.

"Right To Work" is WRONG for New Hampshire families!
Call Senator Avard TODAY,
and tell him "Stand up for families, vote down "RTW" schemes!"
